

DIRECTOR OF CENTRAL INTELLIGENCE
Intelligence Information Handling Committee

IHC/MM 79-03
5 February 1979

MEMORANDUM FOR: Mr. Clifford D. May, Jr.
CIA Member, IHC

FROM:

Chairman, DCI Intelligence Information
Handling Committee (IHC)

STATINTL

SUBJECT:

Your memo of 25 January 1979; Re: "Proposal for
a Centralized Community Bibliographic and Document
Retrieval System Operated by CIA

1. I have read with great interest, your subject memo. I believe that the proposal is a valuable contribution to the work of the IHC, and have scheduled it for presentation at the next meeting on 22 February. Since we had already scheduled a briefing by  on the DODISS master plan, I am planning on postponing consideration of the second segment of the proposed work plan until the next meeting. This is particularly appropriate because the membership should have the benefit of an understanding of the scope as of your proposal as it relates to the overall plan of work of the Committee. STATINTL

2. I welcome your forward looking initiative and plan to support it with both a special IHC working group and contractor support. I would appreciate any suggestion you and Harry Eisenbeis have as to how best to structure the term of reference for the working group to ensure the proper development of a detailed working program and adequate funding to implement this excellent proposal.

STATINTL
